**! Pieces With Boxed-In Labels (Starting Pieces) Must Be Installed 1st !**

There is a "Starting Piece" for each match group of a rolled product that has Pattern Repeat. The Installer should note that these "Starting Pieces" should be installed first.

The waste percentage is calculated by dividing the sum of the waste areas of the cut sheet by the total area of the cut sheet.

Product	Waste	Order Amount	Mfg. Width	Pattern Repeat (W x L)
